AIR MAIL SERVICES

Air mail correspondence is divided into two categories: ordinary air mail letters, the unit of weight of which is half-an-ounce and the limit of weight 4 lb. 6 oz., and (light-weight) air letters written on the prescribed letter forms.

Air mail letters for any destination may be *registered*. They may also be *insured* for Great Britain, but the limit of compensation payable by either the British or Jamaica Administrations is £2 18/- (as for registered correspondence), unless the loss occurs while the insured letter is in the custody of either Post Office, in which case the limit of compensation is £400. If the loss of an insured letter occurred while it was in air transit, the compensation would be limited to that for a registered article (£2 18/-).

A blue air mail label (obtainable at all Post Offices) should be affixed to each air mail article.

The rates of postage are shown below:—
