The Alexander Preston Watts Collections, now offered at public auction, served their late owner well, having given him untold pleasure during the several years it took him to amass them.

Mr. Watts was a native New Yorker, having been born here on March 25th, 1888. From early childhood Philately was his one love. Like many others he started out as a general collector, later specializing in the stamps of several countries, however, about 12 years ago he disposed of most of his collections, only retaining his Jamaica and Samoa, which were built up to rank with the best in the world.—These collections were frequently shown at various National and International Exhibitions and won the owner many high awards.

Apart from his philatelic activities, Mr. Watts, was a Mason of high standing. He served as Master of his blue lodge, Ancient Lodge 724 F. & A. M. and later served as Grand Steward of the Grand Lodge of the State of New York. He was also very active in the Knights Templars. Besides these Masonic activities, he was a member of the Advertising Club of New York, the Collectors Club and the Masonic Stamp Club, also serving as Trustee of the George Washington Memorial Shrine at Tappan, N. Y. He was always interested in aiding the more unfortunate and served as Director in the Federation for the Handicapped and devoted a great deal of time in working for the blind. In disposing of these collections, we trust that the recipients will receive a small portion of the pleasure it gave Mr. Watts.
