

THE BRITISH WEST INDIAN PHILATELIST

EDITOR E. F. AGUILAR

Cumulative Subject Index to Volumes 1 through 9
1949 – 1958

Compiled By Steve Jarvis (2008)

Introduction

This index is divided into five parts:

- a) Listing of Editions
- b) Index by Territory – Country (or BWI generally), further sub-divided by topic (e.g. airmail) some items such as 'air letters' could be classified under either airmail or stationery, to avoid duplication a decision was taken as to which should be utilised (in this case stationery).
- c) Index by Topic – Topic, further divided by territory
- d) Index by Person – Personal information, such as an exhibit or award, is identified here
- e) Index of BWIP Topics – such as editorials, auctions ...
- f) Index By Author – Only articles with an identified author are included.

The volume is stated as two numbers separated by a slash '/', the first number being the volume and the second the issue number within the volume.

The page number stated is that of the electronic version created NOT the original paper copy published by Aguilar (to format as the original was too time consuming).

In some cases Aguilar corrected errors in subsequent editions, in these cases I have corrected the error in the original edition as well.
