the finest

in the world

is provided by

ROBSON LOWE LIMITED

(Head Office): 50 PALL MALL, LONDON, S.W.1

Specialised Stamp Sales (Great Britain, British Empire and Foreign) are held on Wednesdays several times a month and contain only the most carefully selected properties. Quality is an outstanding feature and these sales are of particular interest to the specialist and the advanced collector.

The British Empire and Foreign sales are often sub-divided into continents or groups of countries (or even single countries) and the catalogues are arranged in such a way that the maximum appeal is made to those buyers who are interested in any one particular group.

Material for sale can be accepted any time, and as the complete file on our books records the names and interests of some fourteen thousand collectors, vendors may be sure that their stamps will reach the right

Postal History Auctions are held about five or six times a year and include all kinds of material of philatelic interest such as pre-stamp covers, old letters, ship letters, cancellations, postal stationery, etc. The illustrated catalogues, with comprehensive descriptions, are unique of their kind and contain much to interest any student of this branch of philately.

Bournemouth Stamp Auctions (held monthly) offer material of a general nature: collections (Whole World, British Empire and Foreign), mixed lots, collections by countries, single items, etc.

The Busy Buyer's Service, covering London and Bournemouth sales, is an important feature of our auction service. It is especially designed for busy collectors with limited interests who have not the time or inclination to wade through innumerable catalogues but are glad to receive any of those containing their special requirements. They are invited to send in full details of their wants, and then, whether on our mailing list or not, their attention is drawn to any lots likely to be of interest.

When replying to this advertisement please mention that you saw it in the "B.W.I. Philatelist".

Editorial Forthcoming Publications.

At the present time, there are three publications being prepared.

(1) The Philatelic Handbook of Cayman Islands

... will be going into the press by the end of this year. The B.W.I. Philatelist has run a number of chapters on this publication, and the list of which will be concluded in the December edition.

(2) The Handbook of T.R.D. marks for the Bahamas, British Honduras and Jamaica

... since 1939, is now going into production, and should be completed by the end of this year or early in the coming year. All items except for the Bahamas group have been priced, and illustrations have been very carefully done throughout each type.

(3) The Handbook of Jamaica postmarks

... will not be started until late next year. There is more and more a demand for a reference Handbook giving details of these marks from the pre-stamp covers up to the modern single ring.

Any of the readers interested in any 62 the above publications are asked to make an early booking. There will be 50 Deluxe copies of each publication.

Readers having old strikes, in pre stamp covers, are asked to let the editor have the dates, as this particular series is being run very carefully.

News Here And There.

Barbados - Air France Route to Martinique

New Air Service started on March 31 when "AIR FRANCE" opened their new route, going to Martingue with connections. No Cackets on the Barbados covers.

Jamaica - 1956 QEII Issue

MONA. UNION HILL.

GINGER HILL. MORANT BAY. VINEYARD TOWN (2)

GLENISLAY NIAGARA WAREIKA.

BWI - KGVI Coils Barbados, British Guiana, Grenada

The B.W.I. coils issued for George VI are a small but very difficult group of stamps to be obtained, and the following is a check list that has been corrected. Any other items that are known to collectors and not listed would be only too pleased to receive this listing.

Barbados

- July 19, 1937-20 coils of ½d green SG 248 of 1,000 stamps.
- October 22, 1938-20 coils of the ½d green of 1,000 stamps.
- July 13, 1941-30 coils of the ½d green 1,000 stamps each.
- 40 coils of the 1d red July 19, 1937. SG. 249a but with a perf. 13.8 x 14.1.
- October 22, 1938 40 coils 1d red 249 and 249a mixed 1,000 stamps of each coils.
- July 13, 1941, 40 rolls 1d red. SG 249a 1942/49 67 coils of the ½d bistre. SG 248 b of 1,000 stamps each.

One interesting point in the above listing is the fact that coils can be found and are known in SG249. These are rare, and possibly only a small amount actually exists.

The following list are the coils known:-

British Guiana

- 1¢ perf. 12½,
- 2¢ perf. 12½.

Grenada

- ½d perf. 12½ yellow green.
- 1/2d perf. 121/2 blue green.
- ½d perf. 12½ x 13½ green.
- 1d perf 12½ x 13½. Although there is at present no listing of the 1d Perf. 12½ it is more than likely that this coil was issued.

Mail Auction

RULES AND REGULATIONS FOR THE MAIL AUCTION.

- 1. Lots will be sold to the highest bidder without reserve.
- 2. All bidding is by mail. There are no floor bids. Bids will be kept confidential.
- 3. Lots may be inspected prior to the date of sale at our office. No individual lots will be sent overseas. Bids from new customers must be accompanied by a deposit or reference.
- 4. Postage and Insurance will be extra.
- 5. Material purchased by mail auction is not on approval. Lots, however, not correctly described may be returned promptly.
- 6. Every item is guaranteed genuine, unless otherwise stated. Claim for any lot proving otherwise must be made within 3 weeks.
- 7. Listing of Catalogue value has been done from Stanley Gibbons and Commonwealth Catalogues.
- 8. Closing date is Dec. 30, 1956.

The Cayman Islands Chapter 5.

The One Halfpenny Provisional

The 1d carmine Watermark Multiple Crown CA. Perforation 14 surcharged 'ONE / halfpenny' in Jamaica by the Government of Jamaica.

1/2d on 1d carmine about Sept. 9th, 1907.

Varieties The word "PENNY" dropped slightly, can be found on the last stamp of the second row, but this variety is not always constant. PRINTING 4,800 stamps overprinted.

Plate Number These can be found with "1" on all sheets.

How It Came About For quite a while a few of London Stamp Firms had been purchasing the halfpenny value quite heavily, and all of a sudden the P.O. Officials found that they had only two months supply on hand. Accordingly on June 1907, the Commissioner on the Cayman Islands took forty sheets (4,800 stamps) and forwarded these to the Colonial Secretary in Jamaica, with a request that they might receive the necessary surcharge. The Colonial Secretary in Jamaica must have been quite averse to the idea. He however, gave instructions for the overprinting to be done, which was a small size of overprint, and no errors were recorded. The Colonial Secretary then mailed off the reply to the Commissioner in Cayman with a copy of Lord Ripons circular. This circular became well known, as all the leading philatelic magazines took up the matter very strongly.

The circular read as follows:-Downing Street, 18th August, 1893.

Sir,

My attention has been called to the practice of issueing surcharged postage stamps, and to the temptations which it affords to postmasters and treasurers and other public officers, of making irregular profits by dealing with stamp dealers and collectors. If proper care is taken to maintain a sufficient supply of stamps, the practice of surcharging is unnecessary and it should never be resorted to unless absolutely required for the convenience of the public, and in every such case, the officer responsible for keeping up the supply of stamps should be liable to be fined.

I have etc.,

RIPON.

The Colonial Secretary in his reply of July 26th, 1907, said "As the surcharges in this case may be regarded as necessary for the convenience of the public, the Superintendent of the Government Printing Office, has been instructed to surcharge the stamps as requested: and I am to request that you will not sell any of these surcharged stamps except across the counter".... "IN conclusion, I am to add that the Governor is not prepared without substantial reason to authorise a new issue of stamps and to request you to report on this question as soon as possible. I am to say that if a fresh supply of halfpenny or other stamps is required, a requisition should be sent forward in due time to enable them to be obtained from the Crown Agents before the stock in hand is exhausted."

The surcharging having been carried out, were forwarded to the Cayman, no orders from dealers were filled when the stamps went on sale.

The Provisional "1/2d" and "1d" on 5/-

The Commissioner wrote to the Colonial Secretary of Jamaica on July 29th, 1907, that their stock of the ½d and 1d stamps were running low, and would be exhausted by the end of the year. The fact of withdrawing 4,800 penny stamps from stock would naturally, have a very disastrous effect on a stock which could not have been more than 12,000. The Commissioner again renewed his request for a new issue, which should be inscribed "POSTAGE AND REVENUE" and requested two new values namely the 3d and 10/-. For some reason not explained, Jamaica did not pass on these orders to the Crown Agents until September 13th. 1907, and with further delay with the Crown Agents correspondence the result was that towards the end of November both the 1/2d and 1d values suddenly ran out of stock. The Commissioner remembering the fuss Jamaica made over the first Provisional, did not advise Jamaica but gave instructions that the 5/- bicoloured be handstamped ½d and id of which equal amounts were done. The surcharging was done by the Postmistress herself by means of a handstamp composed of metal type set into a wooden handle with sealing wax. The Commissioner gave explicit instructions that these stamps were only to be sold over the counter, and not supplied to dealers. These Provisionals were on sale on November 23rd, an additional 360 stamps of the 1d overprint were done and it was not until December 27th, that the long awaited stamps arrived from London.

Hand stamping is always liable to produce varieties, these surcharges generally fell over. the original value, but it is to be found in other places and various positions.

- 1/2 d on 5/- salmon and green, Nov. 23rd, 1907.
- 1d on 5/- salmon and green, Nov. 23rd, 1907.
- ½ d on 5/- surcharge double

Varieties

- ½ d on 5/- surcharged inverted.
- ½ d on 5/- surcharge double, one inverted.
- ½d on 5/- surcharge omitted from one in pair or strip.
- 1d on 5/- surcharge double.

Printing

- 1d on 5/- surcharge double.
- Of the ½d value 1800 were stamped off.
- The 1d value 2,160 were done.

THE PROVISIONAL 21/2D. On 4d

The Commissioner felt it was the end of Provisionals with the arrival of the ½d and 1d values, but now this belief was shattered.

Sir Frederick Johnsons steam yacht "ZENAIDA" dropped anchor at Georgetown on February 12th, 1908, as Sir Frederick was on a cruise, he offered to convey any mail the Post Office might have to Cienfugos, Cuba. Seeing that the ordinary outgoing mail was not due until the end of the month, the offer was accepted, but one difficulty presented itself, the stock of the two pence half penny (the foreign letter rate) there were nil. Stocks were expected in the vessel at the end of the month. It could be said that the low values be used, but here again these were in demand, and was deemed inadvisable, the result being that four sheets of the 4d value (480 stamps) were taken from stock, and handed to the Inspector of Police (Mr. J. H. Sullivan) to be surcharged with the $2\frac{1}{2}$ d the girues and letters being smaller than the earlier provisionals.

These stamps were prepared and issued a day or so later, after the arrival of the yacht Zenaida and the supply lasted two days only, although not more than 6 copies were sold to any one person, very nearly all were purchased by local speculation. Actually 240 copies were used in the mail, conveyed by the ZENAIDA.

• 2½d on 4d brown and blue.

Printing

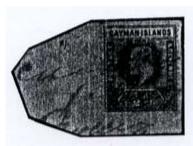

480

Varieties

- a) double surcharged
- b) inverted surcharged.
- c) Surcharge double, one inverted.

NOTE Collectors must be on the lookout as forgeries are known.

The Fiscal 1d. On 4d.

As the Provisionals have all been given Catalogue rank it will be of interest to the collector to discuss the merits of the fiscal 1d on 4d.

In this instance the difficulty arose through an American resident who requested a sheet of the penny for receipt purposes. On being told there were no stamps, he made formal complaint to the Commissioner. The Commissioner directed that a small amount of fiscal Provisionals be issued-his explicit instructions were that these were only to be sold and used as Fiscals and not legal for postage.

The hand stamp with the 1d set, and from information the first batch were surcharged on May 12, 1908, and the remainder on the 14th, in all 396 stamps were done in black, surcharged from the Post Masters pad.

The American responsible for these Provisionals obtained one sheet (120 stamps) and a very careful check was kept at the Post Office, and only odd copies were sold for Fiscal purposes. There were many attempts to try and use this Fiscal stamp legally with other stamps and in most cases when found, the word "FISCAL ONLY" was written across the stamp in red ink.

Copies are known with the surcharge inverted, while a copy with a defective surcharge has been touched up with red ink. All these are rare. 1d on 4 Black/red on yellow.

1908 Provisional

With stocks of the ½d and 1d stamps once again exhausted around May 12th, 1908 strict instructions were issued that the surcharged 1d which appeared for Fiscal purposes should not on any account be used for postage. Mail requiring a low denomination were handed into the Post Office, and then paid for, the Post Mistress Miss G. A. Parsons, initialled each envelope and handstamped same. These covers are all scarce.

Trouble

The beginning of the Cayman trouble was the unexpected shortage of the half penny value. Provisionals always have a bigger attraction to the collector, as well as the dealer, and only naturally there are a number of speculators.

With the first provisional, the Post Office supplied very large part of these stamps to dealers in England, then followed the "1D" on "5/=" "1/2" on "1/2" on

From England came the outcry of Condemnation with the result that the Secretary of State for the Colonies considered it is his duty to institute an Enquiry which was done.

In the meanwhile, early in Dec. 1907 a letter was sent to a well known stamp dealer which read as follows:-

Sir:

I am in a position to dispose of the whole of the remainder of the issues of stamps withdrawn from circulation in March 1907, viz: $\frac{1}{2}$ d, 1d, $\frac{2}{2}$ d, 6d and 1/-, and also the whole of the remainder of the original

1d stamps (Queens head) issued by the Government. The face value of the two parcels is £670 or thereabouts to be disposed of in one lot. In addition there are also a few sheets of surcharged stamps.

1 sheet 1d surcharged one halfpenny

2 sheets 5/- surcharged ½d (19 sheets originally) 2 sheets 5/- surcharged 1d (15 sheets originally)

None of the surcharged stamps have been issued to stamp dealers. If you care to handle these stamps, I shall be glad to have your offer.

GRAND CAYMAN, B.W.I. Dec. 9th, 1907.

I remain,

Yours sincerely, W. M. COCHRAN.

Early in January 1908 enquiry was received from Messrs. Whitfield King & Co. (the firm referred to) having written for particulars of the stock in the Commissioner's hands. The reply was as follows:

COMMISSIONERS OFFICE GRAND CAYMAN. Jan. 29, 1908.

Sir,

The postage stamps referred to in your letter of Dec. 10th, 1907 are now in the hands of the Governor of Jamaica, to whom you must cable any offer you wish to make.

The stamps for sale are:-

1. 81 sheets at ½d	£ 20	5	0
2. 2951/2 sheets at 1d	147	15	0
3. 885/e sheets at 21/2d	111	0	10
4. 40 41/60 sheets at 6d	122	1	0
5. 45 23/30 sheets at 1/	274	12	0

I have the honour to be,

Sirs,

Your obedient servant,

GEORGE S. S. HIRST. Commissioner.

Messrs. Whitfield King & Co. Ltd., Ipswich.

These stamps listed were all sold through the Crown Agents yet all through this period when the P.O. were short of supplies, high officials had a reserve stock put aside for disposal at a later date. One arrives at the following—

½d stamps 9,720
1d stamps 35,460
2½d stamps 10,660.

If one was to deduct the figures, the quantities of the various provisionals (which Mr. Cochrane) mentions, one arrives at a surplus.

- 3,120 stamps ½d
- 33,300 stamps 1d
- 10,180 stamps 2½d.

Therefore it can be seen that had the higher officials not withheld their stamps, there might not have been so many Provisionals. As the Colonial Office had directed, an enquiry, an extract from this report read as follows:-

"With regards the stamps of the Cayman Islands, the Governor of Jamaica reports that early this year, the Commissioner of the Cayman Islands made proposals for an internal post in the Island at a reduced rate (viz. a halfpenny for letter postage) and that the farthing stamp was printed for the newspaper and post card postage.

The Commissioner has so far referred to all these stamps to dealers, through the past, on the grounds that they are primarily intended for local use and that owing to the cost of production outside sale is not profitable."

From the above one gathers its change of policy. The Post Master who succeeded Miss Pearson received explicit instructions to refrain from Provisionals which will probably be a long time before this Colony is seen with another Provisional.

1932 Provisional

During 1932 the obliterator for Cayman Brac was lost, with the result that letters mailed had the amount of postage paid and were franked by the initials of the Postmaster-". A. S. RUTTY". Letters or cards

for Grand Cayman were cancelled at Georgetown, while those for abroad were sent on to Jamaica, where they were stamped, "POSTAGE PAID" and the amount of the Postage due for them was recorded, and charged up to the Cayman Islands. It is estimated that some 300 letters were so franked before the recovery of the obliterator.

Bahamas Temporary Rubber Date Stamps

For a long time, the Editor has been completing a check list of these marks and now being prepared is a hand book of T.R.Ds. for Bahamas, British Honduras and Jamaica from 1939 onwards. For the first time all items except (for Bahamas) will be priced. These prices have been worked out from the issued time of these T.R.Ds. With regard to Bahamas there are still several items believed unrecorded and any collection having any of these marks, the Editor will be only too glad to hear from them. The main data required are period of the time of issue -colour of ink. No illustration has been used, so as to confine this in as little space. The hand book will be fully illustrated, - and will be going on the press shortly.

T.R.D.s Of Bahamas

In Manuscript Cancellation usually across the stamp, but can I found below or above the stamp. In different coloured ink:-

THE GATE

ACKLIN ISLAND C.C. V.B.S.

MOSS TOWN EX.

Origin unknown
